Ed,

I'm sure you didn't notice but I was part of the Mosquito Control Task Force meeting that you spoke to earlier today. I wanted to reach out to thank you for taking the time to share the information on the PFAS contaminated Anvil 10+10. When that Boston Globe story first hit a day previous to another Task Force meeting and, well, you can image the uproar.

Good information that was well received.

Hope that you and yours are doing well during the present unpleasantness and look forward to seeing you in person in the future.

Best,
